## WEATHERPROOF ALUMINIUM JUNCTION BOXES

The 1300 DWPAL are used as junction boxes in outdoor installations, or indoors where dripping water is a problem. These enclosures are designed to protect equipment against rain, sleet and

snow. Enclosures are made of high quality 12 GA aluminum. The boxes seams are continuously welded to prevent rain, sleet or snow from entering and the high quality, oil resistant, gasket

ensures integrity. External mounting holes are provided. Boxes have a natural aluminum finish.

**CSA Certified**  
**NEMA/EEMAC 3 / IP64**
