## HINGED COVER WIRING TROUGHS (BOLT-ON FEET)

The 1412 CH hinged cover oil and dust tight troughs are used indoors to protect the enclosed controls from dust, dirt, oil and water splashing. The box and cover are made of high quality 16 GA steel, with all seams continuously welded. The opening has a flange around all sides to increase

rigidity and ensure complete contact with the poured in place gasket. The door is secured by convenient ¼ turn locks and can be opened over 180°. Internal mounting holes are provided and a wall mounting kit is supplied. Enclosures are finished with heat fused powder paint, electrostatically

applied on a pretreated base. Box is ANSI/ASA 61 smooth gray.

**CSA Certified / UL Listed  
NEMA/EEMAC 4-12 / IP66**

**Refer to p.734 to validate choice of substrate for the application**
