5412 ESSC

OIL & DUST TIGHT LIFT-OFF COVER ENCLOSURE (BOLT-ON FEET)

The 5412 ESSC screw cover oil and dust tight enclosures are used indoors or outdoors to protect the enclosed controls from dust, dirt, oil and water splashing. The box and cover are made of high quality 16 GA steel, with all seams continuously welded. The opening has a curled lip around all sides to increase rigidity and prevent dripping water from entering the enclosure when the

door is open, A high quality, robotically poured-in-place, eam-less gasket ensures a complete and durable water tight seal. The enclosure can be internally or externally mounted using the included wall mounting feet. These feet have oblong holes to facilitate installation. **Each enclosure comes complete with a 14 GA galvanized inner panel,** which mounts on welded nuts.

Enclosures are finished with heat fused powder paint, electrostatically applied on a pretreated base. Box is ANSI/ASA 61 smooth gray.

**CSA Certified / UL Listed
NEMA/EEMAC 4-12 / IP66**

Refer to p.734 to validate choice of substrate for the application

NOTE: - TWO MOUNTING FEET IF B=4" OR LESS
