May 25, 2007

### **Thermistor Temperature Sensors - TS Series**

**Contact:** Fred Harmon  
Vice President, Sales & Marketing  
(949) 831-5000

*Aliso Viejo, California* – American Zettler is proud to announce a new addition to its current line of Industrial products, the new TS Series Temperature Sensors. The TS Series offers precision control in heating and temperature regulation applications. Its negative temperature coefficient also protects against inrush currents, which can be harmful to circuitry. The specifications for the TS Series are fully customizable.

For pricing please contact the factory.

## **PRODUCT PROFILE**

<b>Product</b>	<b>TS Series</b>
----------------	------------------

<b>Product Description</b>	<b>NTC Temperature Sensor</b>
----------------------------	-------------------------------

<b>Features/Benefits</b>	<b>Variety of Thermistor Casings -40C to 300C Temperature Range 0.1 to 1M Ohm Resistance Range Precise Temperature Measurement Custom Probe Lengths and Thread Sizes</b>
--------------------------	--

<b>Product Applications</b>	<b>Heating, Central Air, Water Temperature Control Systems, Appliances</b>
-----------------------------	--

<b>Product Availability</b>	<b>Sample Quantities Available 8-10 Week Production Time</b>
-----------------------------	--

<b>Product Price</b>	<b>Contact Factory</b>
----------------------	------------------------

<b>Product Cross Reference</b>	<b>Customizable to meet a wide range of specifications</b>
--------------------------------	--
